Before passing final orders, the Muzrai Secretary was requested to report full details of the ceremonial that ~~it~~ is to be observed which in his opinion and the amount should be assigned to meet all requirements. He was also requested to obtain full details from the Palace Officer, of the ceremonial observed at, and the ritual prescribed for, the Brindavanas at Mysore.

6. The arrangements in force in the Mysore city in connection with the religious services rendered at the Brindavan of His Highness-- the late Maharaja Krishnaraja Wodeyar Bahadur [illegible] are detailed in the preceding paragraphs of this - note. They appear suitable for adoption Mutatis Mutandis at the Brindavanam of His Highness the -

late Maharaja erected in Calcutta.

7 The charges which may be adopted in Calcutta are given below:-

	Pay at Mysore	Proposed pay in Calcutta.
1. Pujari	4-8-0 with daily padi costing Rs 9-5-10	Rs 10 without padi.

8. It is not known whether Sepoys and Sentries are to be arranged for at the Brindavan in Calcutta. It is found from a letter addressed by the Hon'ble the Resident Sir Donald Robertson to Sir V. Seshadri Iyer on the 13th Feby 1889 that the Bengal Govt wished for only one " Darwan " ~~should~~ being placed at the memorial buildings. This seems to indicate that a Military Guard is not intended to be placed there. I have therefore not provided for this item.

There may however be -- some differences in the rates of cost of provisions &c in Calcutta and also in the rates of wages or pay to the servants there. It would perhaps be safe to put down the total figure at Rs. 1800/- per annum

15 14. One other item has to be considered in this connection, viz the provision for giving Seeda or --- rations to Byragi and other pilgrims, who may come to the Brindavanam for such help. This sort of charity is generally disbursed in connection with such institutions , and the fact that seeda is not given at the Brindavanam in the Mysore city appears to be, because seeda is given in 3 different places at Mysore viz.,

H. H. the Maharaja's chattram, Jaggulala's Dharmasala and the Rani chattram. In a memorandum dated 10th January 1897 the late Dewan Sir V. Seshadri Iyer --- noted the following among other items in connection with the proposed memorial at Calcutta. ⊗ ⊗ Slip E

"A good Dharmasala at the cremation ground at Calcutta over and about the place, on the bank of the River where His late Highness was cremated should be built. A part of the building should be of a monumental character with side wings for the accommodation of pilgrims and --- travellers --- and in connection with it there should be a bathing Ghat.

may be given to each pilgrim. The cost may come up to about Rs. 4/- for each man per month. Taking an - average of 50 persons every day the cost will be --- roughly Rs. ~~200~~ 200/ a month and annually Rs. 2400. The total annual cost will thus be Rs. 1800 + 2400 = Rs 4200/-

In para 8 of the Govt. order dy 2nd April 1907 on this subject Govt considered it necessary to make some suitable arrangements for securing the efficient future performance of daily worship at the Brindaban in Calcutta according to the usual ritual. In another file herein has been made for the annual maintenance charge of the Memorial buildings at a cost of Rs 1000/- per annum, & an establishment of Rs 31/- p.m. has been proposed for a caretaker & peon. the Muzrai Budget I have serious
doubts. The charges in connection
with the Brindaban of his late
Highness Krishnaraja Wadeyar
Bahadur III are apparently being
met from Palace funds, & it
seems true that in as much as the
daily ceremonies partake of the nature
of obligatory domestic, though religious rites
the charges are properly so met. I
am very respectfully of opinion that
the proposed charges so far as they are
of a religious character should also be
similarly met. From the point of view
of our religion also His Highness'
Subjects have to give practical demonstra
tion of their reverence for the memory
of their late rulers, in other ways as a Hindu cannot
even begin a Shráddha for the benefit
of his departed ancestors without first
offering oblations to the pitris of the
ruling Chief. This public duty being
then discharged in accordance with the
dictates of religion, it may in my
humble opinion, rightly be held that the charges

The distinction drawn between the expenditure referred to on this file and on the other is a very fine one. The circumstances under which the Memorial came to be built are altogether exceptional and I do not think that the people of Mysore would desire that the distinction should be made. The proposals seem suitable and the expenditure may, I think, be debited to State funds. The Finl Secretary has noticed that no arrangement has been made for the supervision of doles and the submission of accounts. What is proposed?

Muzrai Secretary's remarks:-

The question put by His Highness the Maharaja as to what is proposed for the supervision of the grain doles &c is one which I have found myself unable to answer definitely owing to want of local knowledge of men and things at Calcutta. Accurate information on this subject is not even now available, but I find from the General Secretariat File relating to the Memorial works (which File is herewith submitted) that payments on account of the Establishment for the works are being made by Messrs Martin &Co of Calcutta. I beg therefore now to submit 2 Drafts authorizing the allotments sanctioned by H.H. and requesting Messrs Martin & Co to report the actual requirements. Fresh sanction in regard to all the items will have to be given on receipt of the report called for from Messrs Martin & Co.

From the 2 D.Os from the Private Secretary to H.H. addressed to the Dewan under

date the 9th and the 16th January 1908, it appears that Rs 20 ~~are being paid monthly,~~ were remitted from the Private Secretary's Office to the Priest of the Brindavan. In the Draft now submitted, Messrs Martin & Co have been requested to disburse any arrears due to the Priest, ~~at the rate of Rs 20 per mensem~~ that may be and to submit a bill therefor to this Office for recoupment.

I am sorry for the delay in the submission of these papers which is due to want of knowledge of local circumstances in Calcutta.

My dear Sir,

The pay of the ~~men~~ ~~Sniffer~~ priest being fixed at ~~Rs~~ 10/ (vide para 2 I of draft ades) it is not clear why Messrs Martin & Co are requested (para 7 of draft ades) to pay him arrears at 20/. From the Private Secretary's D.O. of 16-1-0 what I understand is that a sum of Rs 20 was remitted on receipt of the priests' telegram of the 15th inst and ~~is~~ that ~~this~~ sum is being remitted monthly. Kindly see the Private Secretary's letter. If I am right the draft may require some alteration.

Dear Mr. Matthan,

In reply to your note of yesterday's date which I received today, I beg to state as follows.

On a second perusal of the Private Secretary's D.O of the 16th instant, I think (as you say) he means that Rs 20 were sent from his Office because it was reported that worship had stopped and not that Rs 20 were being sent monthly.

From a perusal of the Priest's Kannarese urji dated 29th December 07

that he was getting Rs 11 per month as

Most of the amounts sanctioned in the draft order will have to undergo revision on receipt of Messrs Martin & Co's report as to the actual requirements. The Rajah may, therefore, may hereafter be put down at such figure as he is actually now drawing viz Rs 11 instead of Rs 10 provided in the Order.

I have made corrections in my Office Note and in the draft order as suggested by you.

If you want any further information I would suggest your kindly obtaining it from the Private Secretary's Office or from the Assistant Private Secretary, as I have myself no information regarding local circumstances

I have carefully considered these proposals and have caused a modified scheme to be drawn up and placed on this file, which contains in my opinion suitable provision for general management and conduct of the services and charities.

661/14.3.08

In the notes and draft order it is proposed that Messrs. Martin & Co should be asked to render certain services in connection with the memorial. The firm in question have been most obliging in rolling up to now, but as they are old contractors they have no particular concern in the matter and I do not think that we can reasonably press further demands on them. The Public Prosecutor has however at my instance undertaken to be our local agent for the general supervision of the memorial and its affairs.

Further Remarks by the Muzrai Secretary.

In drafting orders in this case, I find some difficulties which I submit below for favour of consideration.

2. In the scheme sanctioned by His Highness the following distribution has been ordered for the sum of Rs4,200 to be allotted in the Muzrai Budget:-

1.	Establishment.	Rs51 p.m. or	Rs612 p.a
2.	Daily services.	30. ,,	365.,,
3.	Charity.	200. ,,	2,400.,,
4.	Special charity.	,,	100.,,
5.	Contingencies.	,,	123.,,
6.	Annual repairs.	,,	600.,,
			Total Rs4,200.

3. The details of item No. (1). Establishment consist of 1 Pujari on Rs15 per mensem.

1 Watchman (Durwan) 12 ,,

1 Gardener (Mali) 12 ,,

Stuff H
Cf. Deptt file previously subtd, retd by Muzrai Deptt on requisition dt 23rd April 08. A copy of the Govt Pro: is submitted).

It is however found that a few of the items ordered above have been already arranged for. In Govt Pro. No. G. 1567-8/G.M. 45-06-15, dated 28th August 1907, an Establishment consisting of one watchman and one head-gardener at Rs11 each per mensem and one under-gardener on Rs9 a month, has been sanctioned and the cost, viz., Rs31 per mensem or Rs372 per annum has been provided for under "General Administration". It is probably not intended that both the establishments above named should be employed in their entirety. The redundant items may, it is respectfully submitted. be done away with and only one set of servants retained, as follows:-

1 Watchman or Durwan on Rs12. p. m.

1 Head Gardener. 12. ,,

2 Coolies (Malies) on Rs6 each or Rs12 p. m.

It is probably not necessary to have an under-gardener on Rs9 in addition to the 2 malies. The watching and gardening establishment will thus cost

Muzrai Secretariat	File No. of 190

₹36 per mensem and adding ₹15 per mensem to the Pujari, the total cost of establishment will come to ₹51 per mensem which is the amount sanctioned by His Highness for Establishment. The whole cost of ₹31 per mensem or ₹372 per annum sanctioned for establishment in the General Department Order of the 28th August 1907 as chargeable to General Administartion may be done away with. The result will be that the whole cost of the establishment for watching, keeping up the garden and performing puja at the Brindavana will be provided for in the Muzrai Budget alone.

4. Again, in the General Department Pro of the 28th August 1907 referred to above, it has been directed that an annual allotment of ₹1,000 for the repair and maintenance of the Memorial Works should be provided for from the ordinary P.W.Grant, while in the present Orders dated 13th March 1908, a sum of ₹600 is provided for annual repairs &c. The second provision of ₹600 above referred to &/-

appears unnecessary. The amount may be kept in reserve to meet the pay of the Manager who will be recommended by the Hon'ble Mr. F.A.Larmour.

5. Some arrangement for the submission of monthly accounts by the Manager of the Memorial Works and the remittance of the amounts to him has to be made. It would perhaps be well that the Manager of the Charities should send his monthly accounts with the countersignature of the Hon'ble Mr. Larmour, to the Muzrai Deptt where such accounts will be checked and bills for the various charges such as Establishment, Issue of Doles, Paditara &c, will be prepared and forwarded to the Comptroller to Govt, who will be requested to arrange for remitting the amounts to the Manager at Calcutta.

A draft Order as above is submitted herewith for approval. 439 24.4.08

ORDER No. G 6102-6 Dated Bangalore, 2nd April 1907.
G.Ac.45-06-7

Rec'd 28/4/07

The completion of the Memorial works at Calcutta has been long deferred pending the acquisition of certain additional lands.

Please see. Report to me now.

2. The several items of work proposed from time to time and remaining to be carried out are as detailed below:-

(1) The location and formation of a new cremation ground with a pathway to it from the Tollygunge road.

(2) The construction of an octagonal room for Purda ladies to the south of the existing pavilion.

(3) The completion of the southern and western wall of the memorial grounds.

(4) The construction of quarters for care-takers to be employed for the charge of the works.

(5) The fixing of gates to the main entrance.

(6) The laying out of a garden within the compound.

(7) The consecration of a deity in the anteroom or temple adjoining the Brindavan and the performance of the requisite consecration ceremonies in connection therewith, and,

(8) The appointment of a small establishment for charge of the works and provision generally for the adequate supervision and maintenance of the same in future.

3. In December and January last the memorial works were inspected by His Highness the Maharaja and the Dewan, and the various questions pending final orders have engaged the attention of Government.

4. As regards the first item of work, viz., the location and formation of a cremation ground to the south of the memorial compound, the Durbar have addressed a further letter to the Residency on the subject making certain proposals; and the acquisition of additional land and formation of the cremation ground will be deferred pending the final settlement of these questions in communication with the Bengal Government.

5. The Government consider that the completion of the other items of work still remaining to be done within the limits of the lands already in the possession of the Durbar need not be further delayed on this account, and are therefore pleased to issue the following orders and instructions for their early completion:-

(1) Octagonal room for ladies.

The Government are of opinion that the construction of an octagonal room for Purda ladies as originally proposed, for which an estimate has been sanctioned, is not necessar and direct that this item of work be given up.

Completion of enclosure. Early action should be taken to erect walls to close the gaps on the south and west adjoining Tolly's Nallah. so as to completely enclose the memorial compound.

(3) Care-takers' quarters. The construction of quarters for care-takers, for which an estimate has also been sanctioned, is a very desirable work, and the site allotted for this as indicated in plan C, is in every way suitable and is approved. The Chief Engineer will take immediate steps to put the work in hand. The completion of this work will close the existing gap on the south east and fully enclose the compound.

(4) Gates for main entrance. The Government consider it necessary and desirable that gates should be provided for the main entrance into the memorial compound from the Tollygunge road. The gates may be ornamental iron railings with the Mysore Coat of Arms or Ganda bherunda worked in on each of the bays. At the same time, wicket gates should be provided one on either side of the gate, to afford people free and unrestricted access to the bathing ghat. These may be located in the two small arc walled up) on either side of the gateway. The Public Department will take the necessary action in this matte

(5) Laying out garden. The laying out of the garden in the comp the memorial works is another important work that shoul

should be taken up without loss of time. The Chief Engineer will in consultation with Mr. Cameron formulate proposals for neatly laying out the gardens at an early date. If necessary, the Government will be prepared to depute Mr. Cameron to Calcutta to inspect the grounds for the purpose.

Consetion an idol the eroom.

The next point requiring orders is the consecration of an idol in the temple and the carrying out of the pratishta ceremonies in connection therewith. The Government have on further consideration of this matter decided that it is not necessary to consecrate any idol in the anteroom. The vacant space now left for this purpose on the centre of the room might be filled up like the rest of the floor.

7) Certain minor Alterations and additions to existing building.

(a) The entrance to the ante-room is at present cl a finely carved wooden door and a few feet south of temporary door of rough planks has been placed e protecting the carved door from damage. The Governme desirable that this temporary door should be replace of ornamental brass or iron railings. The Chief E take needful action in this matter.

(b) It is observee that the room enclosi the Brin has not been roofed over. The Government t desira to have a sort of glass canopy or roof for his room, w

which should not however show above the existing parapet. design for this work has been prepared by Mr. Thornton of Messrs. Martin & Company, and will be sent to the Chief Engineer for adoption with any modifications that may be necessary.

(c) In order that people may view the Brindavan from the ante-room without entering the Brindavan room itself, a glass door will be fitted across the passage leading from the ante-room to the Brindavan.

(d) It is observed that a single Kalasa has been erected on the top of the Brindavan. Government desire that this should be replaced by a panche kalasa. The Public Works Department will take necessary action in this matter.

6. The appointment of an adequate establishment to be in charge of the works and maintain the garden in proper condition next demands attention. The Government are of opinion that one watchman, one head gardener and one under gardener will for the present sufficiently meet all requirements. These should be local men, i.e., men of Calcutta, and their pay should be fixed with reference to rates locally prevailing. They should be supplied with a suitable uniform which should be renewed periodically. It is noted that the watchman now employed on

the works for some time past has been punctual and attentive to his duties and has been discharging them satisfactorily. He should be kept on.

7. The Chief Engineer and Secretary, Public Works Department will also report what arrangements he would propose for the efficient supervision and future maintenance of the works and what annual provision would be required for this purpose in future budgets.

8. The Government consider it necessary to make some suitable arrangements for securing the efficient future performance of daily worship at the Brindavan according to the usual ritual, and to sanction an annual tasdik or endowment therefor. But before passing final orders, the Muzrai Secretary will be requested to report to Government full details of the ceremonial that is to be observed and the amount which in his opinion should be assigned to meet all requirements. He will obtain from the Palace Officer full details of the ceremonial observed at and ritual prescribed for the Brindavans at Mysore. On receipt of the Muzrai Secretary's detailed proposals, final orders will be passed in this matter.

9. There is only one other matter which requires to considered, and that is the arrangements necessary to keep up Tipoo monument which is situated within the Mysore memorial

compound in a presentable condition. The Government are of opinion that the best way of effecting this is to have the small repairs required for the building such as white and color washing and plastering where necessary, carried out at the expense of the Mysore Government. The Chief Engineer and Secretary, Public Works Department will issue needful instructions in this matter and include the cost of this item in the annual provision for the maintenance of the memorial works.

10. The Chief Engineer and Secretary, Public Works Department will take the needful steps to give effect to the orders of Government on the matters specified in paras 5, 6, 7 and 9 supra and the Muzrai Secretary on the subject referred to in para 8.

11. The Government take this opportunity of impressing upon all officers concerned in the execution of these orders the necessity for prompt action. The memorial works were started in 1895 and have remained incomplete for nearly 12 years. The Government desire that every possible effort should be made to bring the remaining works to a satisfactory termination as quickly as possible.

OF MYSORE.

Sir,

As I understand that His Highness intends to appoint a manager of the cremation ground of His late Highness at Kalighat, I beg to request that you will kindly move His Highness to obtain the post for me as my claim has priority to others in consideration of the fact that under direction of Her Highness the Dowager Moharani I selected the cremation ground and made every arrangements for the performance of the funeral ceremony there of His late Highness.

Besides as I have retired on pension from Government service my present income is quite inadquate for the support of my family. So I was thinking of appealing to you for moving His Highness for a monthly help when this opportunity presented itself and I trust that my application will meet with the favourable consideration of His Highness.

As regards my ability I can only mention that I held for over 28 years a responsible post in an account

office under the Government of India.
